DIARY NOTES

DD/S

9 September 1966

1. Educational Aid Fund: I mentioned to the Executive Committee the Combined Fund Drive and specifically asked each Deputy Director to speak through his staff machinery on behalf of the Educational Aid Fund and PSAS. I emphasized the EAF. I later talked to [REDACTED] and discussed his work as secretary 25X1A in preparing for our solicitation campaign. He appears to be on the job, and the latter part of this month we can begin our program.

The latest visitor is President Marcos of the Philippines who is scheduled to arrive on Wednesday, 14 September. I mentioned at the Executive Committee Meeting that this was becoming a burden and if increased I would like to take it up with the Protocol Officer at State. While Mr. Helms was agreeable, he indicated that this was directed from the White House and we should tread very easy in this area.
